VOLUME 50, NUMBER 48

DEATH RESULT OF HELD TO APPEAR PTOMAIN POISON IN DISTRICT COURT

The news of the death of Oliver John Gillespie, engineer and machinist for the Prince company, which occurred Monday afternoon at 2 o'clock, was a severe blow to all citizens of this community. Death resulted from ptomaine poisoning, with which he had been ill but twenty-four hours.

The unfortunate man had felt a slight illness two days previous but had attributed it to slight disorders and had continued to work his regular shift, but Sunday afternoon when he was heard to cry out in pain he was assisted to his quarters by other workmen and Dr. J. H. Hastings was summoned. By this time, however, the poison had reached such a stage that medical skill was unable to overcome it, and after a period of intense suffering for twenty-four hours he passed away.

Oliver John Gillespie was born July 12, 1875, in Nortonville, Cal., where most of his boyhood days were spent and where he received his grade school education prior to taking up his trade at Summerville, Cal., where he served until he was master of the craft. He first came to Lincoln county in 1911, when he had charge of the boiler shops at Caliente, and from whence he came to Pioche and entered the service of the Prince company a few months later.

Deceased has not resided continuously in Pioche since that time, but has made frequent trips to other points, particularly in California, always returning, however, to the call of the desert and always returning here. He was known as a first-class machinist, a reputable and dependable man to deal with, and his friends are numbered by his acquaintances.

During the month of June last the deceased visited his brother, Elmer D. Gillespie, and his sister, Mary Agillie, in Los Angeles, and was induced by his brother to accept a position with the Southern Pacific Company, saying, however, that he must first return to the Prince and perform some work on their engines that he had given his word he would finish. It was his intention, according to his brother, to return to Los Angeles soon and, following a vacation trip of thirty days through the Yosemite valley, accept a position there and make his home with his relatives. His brother and sister in Los Angeles were shocked beyond measure by the message announcing his death.

Two brothers and one sister survive the deceased, he never having been married. Elmer D. Gillespie and Mary A. Gillespie, who arrived in Pioche Wednesday morning, reside in Los Angeles. Charles H. Gillespie of Tampico, Mexico, was unable to come to Pioche but may be present in Los Angeles for the funeral.

The body was held in the Deck undertaking parlors in Pioche until Wednesday morning, when it was shipped to Los Angeles, where funeral services will be held in the Catholic cathedral and interment will be made Saturday in the New Calvary cemetery in that city.

The citizens of Pioche and vicinity extend sincere sympathy to the bereaved brothers and sister. Every effort possible was made by many to lighten the burden of the brother and sister while here and to show their respect and love for the departed.

Officers and employees of the Prince mine, where the deceased was employed at the time of his death, exerted their efforts for his comfort before death and toward the care of the body afterward. J. H. Hedges, superintendent of the Prince, and Verne Fitzgerald, assistant superintendent, accompanied by their families, came to Pioche Wednesday morning and assisted in conducting the body to the train. The sad death of their fellow-workman has touched those at the Prince deeply and they have naturally performed many little acts of human kindness in their effort to make the burden lighter for the bereaved and to demonstrate their respect for the former employee and comrade.

Nick George, who has been under arrest for two weeks on a charge of assault with intent to kill, the complaint alleging that he fired four shots at an automobile in which Mrs. Margaret Karakas and J. F. Foreman were riding about 11 o'clock Saturday night, July 31, was bound over to the district court by Justice of the Peace Palmer at Caliente last Saturday afternoon.

Attorney Luke J. McNamee for the defense, accompanied by several witnesses, went to Caliente in an effort to prove an alibi for the accused, it being claimed by Ed Donohue that he talked to the defendant in front of the postoffice in Pioche at 10:15 on the night in question. Mrs. David Empey was also an alibi witness, she testifying that she saw George sitting on the porch at the Holdaway house at about 10:15. The evidence of the defense, however, was deemed insufficient by the court and the prisoner was remanded under bonds of \$1,000. A cash bond was furnished by Angelo Demo and the defendant is now at liberty awaiting trial. The final hearing will be held before a jury as soon as the necessary preliminary arrangements can be made.

The final hearing in this case will be held August 20, at which time a jury will be empaneled for the purpose.

Ore Shipments of the Pioche District

Ore shipments from the Pioche district for the week ending August 12 show a decrease of 950 tons from the record made for the previous week. Mine operators whose shipments have fallen off say the reason for this is the fact that the smelters in the Salt Lake territory are crowded for car space in their yards, and that they are also troubled in obtaining the necessary labor for unloading the cars. The Prince Consolidated, however, is not affected by this embargo and is keeping shipments of ore well up to the average. Following are the shipments for the week:

Prince Consolidated	1,550
Virginia Louise	850
Black Metal	200
Con. Nevada-Utah	300
Bristol Silver Mines	200
Total tons	3,100

A certain number of votes will be given with each ticket purchased at the movies, and the holder of the vote coupons will be permitted to cast the votes for any one of the youngsters whose pictures will appear on the screen at the show from time to time. Much interest has already been manifested in this contest and a large number of contestants have entered the race for the prizes.

RESTAURANTS MUST CLEAN UP SAY LINCOLN COUNTY OFFICIALS

A vigorous and well organized cleaning up of all restaurants and eating houses in Lincoln county has been ordered by the county commissioners, through James N. Hollinger, chairman of the board.

Mr. Hollinger, acting in his official capacity, notified County Health Officer J. H. Hastings and District Attorney A. L. Scott on Tuesday of this week to immediately take the necessary steps toward notifying all restaurant and eating house proprietors that their places of business must be cleaned to conform to the ordinary rules of cleanliness and health, if they are not now in that condition.

This action is the result of the recent death as a result of ptomaine poisoning, and the fact that others were afflicted with the same complaint, with every reason to believe that the illness was the result of eating improper food served in restaurants in the county.

Dr. Hastings said that he would not only issue the necessary cleanup instructions, but that if the instructions were not followed to the letter the restaurant proprietors would be called upon to answer to the authorities.

DEVELOPMENTS IN POLITICAL AFFRAY

J. B. Wheeler, who a few weeks ago announced himself as a candidate for the nomination for the office of county assessor as a democrat, has announced that he will file by petition for the same office for the election November 2 as an independent candidate.

Mr. Wheeler is the incumbent of the assessor's office and his duties as such will require his attendance at the state capital between the present time and the date of the primaries, thus preventing him from making a campaign, and the change in his political plans is the result of this circumstance.

The following statement was made to a representative of the Record by Mr. Wheeler:

"I am changing my announcement from the primary election to the general election as an independent candidate for assessor for the reason that my duties as the present assessor of Lincoln county call me to Carson City during the month of August to meet with the state board of equalization, which will convene in regular session until the latter part of September, hence I will not be in Lincoln county at the time of the primary election.

"As I am desirous of serving the people of the county as their assessor for another term I take this privilege of thus explaining my reason for changing to an independent candidate and ask the support of the voters of Lincoln county for another term as such."

F. E. Wadsworth for District Attorney Franklin E. Wadsworth of Panaca has announced that he will be a candidate for the office of district attorney of Lincoln county, making the race on the democratic ticket, subject to the primary election to be held September 7.

Mr. Wadsworth is 35 years of age and is a native of Panaca. He received his education in the schools at Panaca and Provo, Utah, later attending business college in Salt Lake, being the possessor of a law degree from the University of Utah, 1915. Mr. Wadsworth practiced law in Salt Lake and also in Tooele, Utah, but was called to Panaca during the war to look after the business interests of the family. He was elected to the state assembly in 1918 and served as speaker pro tem during the 1919 session, after the session being presented with a diamond pin by members of the body.

Mr. Wadsworth is a large taxpayer, owning much real and personal property in the county.

Brewster Adams Asks Senatorial Honor

Brewster Adams of Reno has announced his candidacy for the republican nomination for United States senator. Rev. Mr. Adams is known as a most liberal minister of the gospel and is regarded as one of the leading divines in the state. In a letter to the Record he says that he believes the primaries should be an "honest elimination and that I desire to ask no favoritism from anyone in the primaries. I believe every man should have a fair field and I hope the man best fitted to lead the republican party may win."

A. H. Norris of Caliente for Assessor Al H. Norris of Caliente has announced his candidacy for the republican nomination for county assessor, his card appearing in this issue of the Record. Mr. Norris has been a resident of Lincoln county for twenty-one years and is a heavy taxpayer. Mr. Norris has heretofore filled the office of assessor in Lincoln county.

PIONEER PATRIARCH DEAD AT HIS HOME NEAR ENTERPRISE

Thomas S. Terry, a pioneer of 1847 in the Salt Lake valley, died at his home in Enterprise, Utah, Thursday at the age of 98 years.

Three daughters of the deceased reside at Panaca, they being Mrs. N. J. Wadsworth, Mrs. J. W. Lee and Mrs. George W. Wadsworth, besides whom there are a number of sons and daughters residing near Enterprise.

Grandpa Terry homesteaded in the Cottonwood district, now a part of Salt Lake City, in the early days, later coming south with the church cattle and locating the Terry ranch, twelve miles northwest of Enterprise, and still later he went to the Beaver Dam wash country, where he located a desert entry. He also took a prominent part in the building of the temple at St. George.

Grandpa Terry was a Patriarch, being the oldest in the St. George stake.

TO LINCOLN COUNTY VOTERS.

As it has been intimated in some sections that if I am elected to the assembly I will work in favor of county seat removal from Pioche to Caliente, I take this occasion to deny any such insinuations. I have been absolutely uninstructed regarding county seat removal and if I am so fortunate as to be elected I shall abide by the wishes of the majority at all times. With best wishes I am,

Sincerely, MRS. W. C. ERNST.
